

## Reading

When we contract words, we replace the missing letters with an apostrophe.

The exceptions to this are:

- Will not becomes won't.
- Shall not becomes shan't.

Can you shorten these words to their contracted form? The first one is done for you.

1. cannot = can't.
2. shall not \_\_\_\_\_
3. will not \_\_\_\_\_
4. we will \_\_\_\_\_
5. I will \_\_\_\_\_
6. do not \_\_\_\_\_
7. who is \_\_\_\_\_
8. they would \_\_\_\_\_
9. that has \_\_\_\_\_
10. they are \_\_\_\_\_

Now write two sentences of your own, each using at least two contractions.
