

Halesowen Church of England's Home Learning for Year 1

On the other side of this sheet your class teacher has set you a variety of activities suitable for your age. As we do not know how long we will be off for - we recommend you do one activity a day.

We appreciate that not all of you will have access to the internet, a library or not able to leave the house. Therefore we have tried our best to plan activities that can be done at home with little or no internet access.

If you find an activity you are unable to complete - please adapt it, or do something else instead.

Alongside this sheet, we are giving you all a topic. This topic is the same for all year groups - this will allow you to work with the rest of your family to create the best topic book you can. You will have been given an exercise book.

This exercise book is for your Topic work.

You can take your topic in any direction - it could be art based. You can research something and create an information leaflet.

You can write something in your topic book, or draw something.

Or you could create something on the computer and print it off.

There is no expectation for you to produce anything that will cost any money, but the choice is yours and your family.

Your Topic is:

AROUND THE WORLD IN 80 DAYS

If you have any questions about home learning, please email us at:

EYFSandKSI@halesowen.dudley.sch.uk

We aim to respond within 48 hours between Monday- Friday.

Halesowen Church of England's Home Learning for Year 1.

Sing the number bond song to someone at home.	Use your sound mats in your reading diary to trace the sounds on the floor.	Use the tricky word lists in your reading diary to read and trace the words on someone's back.	Use junk modelling to create a human body with all the different body parts..	Go outside and see if you can find any flowers or trees you know the names of.
Can you create a dance at home with your family along to your favourite song?	Find 3d and 2d shapes at home. Can you name them?	Go for a walk outside, record the different types of transport you see? E.g. cars, buses, coaches etc	Watch a film and re-enact your favourite part.	Share a piece of food (for example cake or pizza) equally with your family.
Line up all the shoes or socks you can find at home and count them in 2's.	Collect all the gloves you can find at home in pairs and count in 10s	Go on a nature walk and sketch pictures of flowers that you see.	Can you build a tower using junk modelling as tall as you?	Can you get two people to lay down, measure who is the longest using your feet— count the steps.
Practise throwing and catching an object.	Give everyone at home a high 5 and count in 5's.	Write a list of everything that can fly.	Help an adult to prepare a healthy meal.	Write a rhyming poem about Easter.
Can you write instructions on how to brush your teeth?	In your reading diary use the 100 grid on page 140 to practise counting forwards and backwards from any number.	Split these numbers into tens and ones: 12 35 5	Create a song about the months of the year.	Keep a diary of what you do each day this week.
Tell someone about your favourite place to go to.	Make a paper aeroplane, see how far it can go.	Use page 30 and 31 to practise your handwriting.	Tell someone at home how to use the internet safely.	Find out facts about the Wright brothers.
