

## Halesowen Church of England's Home Learning for Year 3.

On the other side of this sheet your class teacher has set you a variety of activities suitable for your age. As we do not know how long we will be off for - we recommend you do one activity a day.

We appreciate that not all of you will have access to the internet, a library or not able to leave the house. Therefore we have tried our best to plan activities that can be done at home with little or no internet access. If you find an activity you are unable to complete - please adapt it, or do something else instead.

Alongside this sheet, we are giving you all a topic. This topic is the same for all year groups - this will allow you to work with the rest of your family to create the best topic book you can. You will have been given an exercise book.

This exercise book is for your Topic work.

You can take your topic in any direction - it could be art based. You can research something and create an information leaflet. You can write something in your topic book, or draw something.

Or you could create something on the computer and print it off.

There is no expectation for you to produce anything that will cost any money, but the choice is yours and your family.

Your Topic is:

### **AROUND THE WORLD IN 80 DAYS**

If you have any questions about home learning, please email us at:

[KS2@halesowen.dudley.sch.uk](mailto:KS2@halesowen.dudley.sch.uk)

We aim to respond within 48 hours between Monday- Friday.

## Halesowen Church of England's Home Learning for Year 3.

Go on a nature walk and collect items. Use these to create a collage picture of a woolly mammoth.	Design a board game Write instructions on how to play your game. Play your game with your family.	Choose a book to read, write an alternate ending.	Find 3 facts about the geologist Charles Darwin.	Create a gymnastic sequence with at least 4 balances and include movements.
Pretend to be a shop keeper. Give someone the correct change.	Weigh out ingredients for your favourite recipe.	Either in your house or outside, how many different 3d shapes can you see? Can you count the sides, vertices and faces?	Create an Egyptian dance.	Practice 5 of the spellings from your diary each day.
Design and make an obstacle course in your house or garden. Time how fast it takes you to complete.	Play hopscotch using the 4X table.	Draw a map of your local area. Remember to use a key.	Create a new front cover for a book you have read.	Write some sums for these numbers. 8, 15, 32, 64, 12 Using X, + - or :-
Create a song to help you remember your 3X table.	Make a list of all the things that make you happy or that you are grateful for. Leave someone a special message.	How could you be more eco friendly? Write a list of all the recyclable items in your house.	Use the 100 square in your diary and circle all of the numbers in your 8X table.	Watch a film or programme and write a review.
Choose 10 spellings from your diary and create a word search	You have £10.00 to spend. How many things can you buy when you help with the shopping?	Learn your 8x table - get some to test that you know them all.	Create the alphabet using your own version of hieroglyphics and write a secret note.	Look out of your windows and see the different colours of cars that drive past in 1hour. Create a tally chart.
