

Halesowen Church of England's Home Learning for Year 2

On the other side of this sheet your class teacher has set you a variety of activities suitable for your age. As we do not know how long we will be off for - we recommend you do one activity a day.

We appreciate that not all of you will have access to the internet, a library or not able to leave the house. Therefore we have tried our best to plan activities that can be done at home with little on no internet access.

If you find an activity you are unable to complete - please adapt it, or do something else instead.

Alongside this sheet, we are giving you all a topic. This topic is the same for all year groups - this will allow you to work with the rest of your family to create the best topic book you can.

You will have been given an exercise book.

This exercise book is for your Topic work.

You can take your topic in any direction - it could be art based. You can research something and create an information leaflet.

You can write something in your topic book, or draw something.

Or you could create something on the computer and print it off.

There is no expectation for you to produce anything that will cost any money, but the choice is yours and your family.

Your Topic is:

AROUND THE WORLD IN 80 DAYS

If you have any questions about home learning, please email us at:

EYFSandKSI@halesowen.dudley.sch.uk

We aim to respond within 48 hours between Monday- Friday.

Halesowen Church of England's Home Learning for Year 2

Make an Easter card or picture for someone.	Make an ID card for yourself including a picture or drawing of yourself. Add your age, name and one fascinating fact about yourself.	Design and Make an Easter egg. On your design include a labelled drawing and a list of materials that you are going to use.
