Geography

Edible plate tectonics!

Earthquakes happen most commonly at plate boundaries. With three sandwich biscuits, gently remove the top biscuit, snap it in half and place back on top of the filling. Can you create the types of plate boundaries (constructive, destructive, and conservative) by moving the top biscuits in a similar way to the tectonic plates? What do you notice about how easy it is to move the biscuit 'plates' over the filling (mantle)?

DT

Textile Hunt

We would like you to investigate and explore your home, making a list of as many different materials and textiles as you can.

Using this link we would like you to explore how your local environment is changing.

French

Imagine you are spending your summer holidays in France.

You are in a caf .

What will you order?

Create a list in French.

RE

Could you find a traditional Jewish recipe for Challah bread?

Challah

Challah bread is made before Shabbat so that it is ready to be eaten on the day. These loaves are round but they would often be plaited in an oval shape. They can have sweet or savoury flavours added to the dough, or they can be left plain.

PE

Research a famous cricketer, why are they famous? Do they have any special skills? How did they become a cricket player?
