

Writing

Can you create your own simple story?

Mental maths and fluency

Halve these numbers

6

8

4

10

Maths

Can you add the 3 digit numbers?

$$\begin{array}{c} 9 \\ \cdot \\ 9 \\ \cdot \\ 9 \end{array} + \begin{array}{c} 1 \\ \cdot \\ 1 \end{array} + \begin{array}{c} 7 \\ \cdot \\ 7 \\ \cdot \\ 7 \end{array} = \square$$

Pick a challenge to complete this week.

Art

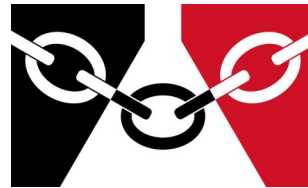

Can you make a sculpture based on the work of Luke Perry?

You could use cardboard, play-doh, plastic, or wood — get creative!

Geography

Can you explore the Black Country and take a photo or draw a picture of where you went and tell us what you did there?

Science

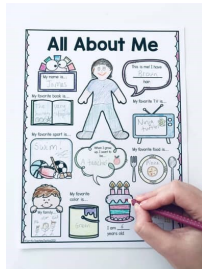

Can you create a fact file about your favourite animal?

You could include: the food it eats, its habitat, a description and the country it comes from.

PSHE

Can you create an 'All about me' poster. Draw yourself and write all things around you that you are good at, you enjoy doing, your interests and hobbies.

RE

Can you create a poster to show how we can care for our planet and all of the creations on it?

PE

Can you practice being fit at home by jogging on the spot, doing a plank and then 10 star jumps?
