<b>ENGLISH</b>	Imagine you wake up in the morning and find there really is an octopus in the sink.  What questions would you ask him? Think about the different question words we know: <ul style="list-style-type: none"><li>- Who</li><li>- What</li><li>- Where</li><li>- When</li><li>- Why</li><li>- How</li></ul>	Octopus begins with O.  What things around your house can you find that begin with the letter O?  If you can't find many what other things do you know that begin with an O?  You could have a look in some books for ideas.	How did the octopus get into your sink? <ul style="list-style-type: none"><li>- Tell the story to someone</li><li>- Draw a story map to show what happened</li><li>- Try writing your sentence using stories</li></ul>	You decide to keep the octopus as a pet. But you are going to need some things from the pet shop. Write a list of things you will need to buy.	Look at the words below. Can you put the sound buttons on them? Can you blend them to read them aloud? Clue: all of these words can be found under the sea!  Crab  Fish  Shell  Eel  Shark  Shrimp  Squid  Lobster
