My Favourite Subject

I love science because we do great experiments, like launching parachutes and making electrical circuits. When I get home I'm going to have another go at making a space rocket powered by balloons. I hate running out of time in experiments, but if I have tea early, it should be ok.

Has the child run out of time in experiments before?

Is the child worried about something?

Mental maths and fluency

Exploring the 7 times table

How can we work out your 7 times table from our 3 times table and 4 times table?

How can we work out the following multiplications from our 7 times table?

a) 40×7

c) $280 \div 70$

b) $490 \div 7$

d) 7×500

Maths

Perimeter of rectilinear shapes

Work out the missing sides and find the perimeter.

Pick a challenge to complete this week.

History

We would like you to research the similarities and differences between the Vikings and Anglo Saxons.

Who's who? Do you know your Anglo Saxon from your Viking?

DT

Create a vegetarian meal for your family. This might just be a menu of things you'd like to eat as a family or you might want to experiment with new foods and create the meal together.

Science

Use operation oach to explore the various parts involved within your digestive system.

French

<https://www.youtube.com/watch?v=dw-05y02hn4>

Using this video, can you work out who each family member is?

Make a list of all your family members or friends in French.

RE

Who was Picasso?
What was he famous for?
Can you recreate one of his famous pieces of art?

PE

Create a sequence of Viking dance movements you have learnt at school for a family member.
