

Reading

Look at the picture and answer these questions.

What is the person in the room doing?

What do you think they are interested in?

What kind of personality does the person have?

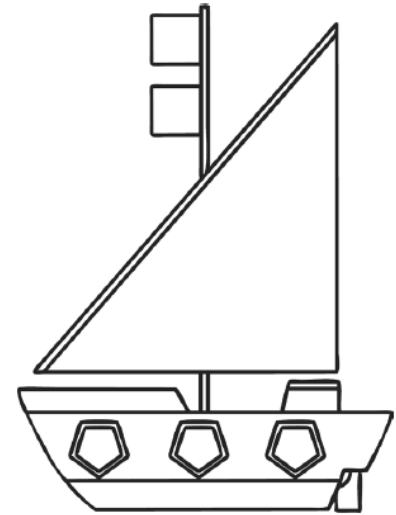

What is the most unusual object in the room? Why?

What can you see in this room that could be found in your own room too?

What do you think is on the rolled up scrolls (centre front)?

Maths

Colour in the angles you can find:
red for right angles, green for acute angles and blue for obtuse angles.

Spelling

Practice spelling these words that we have been learning during our scode lessons. Ask a grown up to test you!

I'll

Accidental

Awful

Natural

Pick a challenge to complete this week.

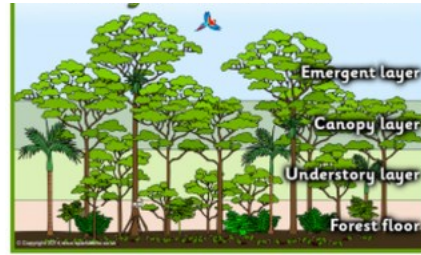

Art

Can you create a piece of artwork inspired by William Morris.

Geography

Can you create a fact file explaining the different layers in the Amazon Rainforest and what types of plants grow there.

Science

Can you research what are the dangers to wildlife in the UK?

PSHE

Can you draw a picture of the different life stages that humans go through? Start with being a newborn baby and end with an elderly person.

RE

Can you design a poster explaining why Eid is important to Muslims?

PE

Can you create a rainforest inspired dance? You could ask your grown up to record it and send a video to us.
