PSHE

Come up with something that might be wrong that an agony aunt could offer advice and support for. Write both the issue and the advice.

People sometimes write to agony aunts in newspapers, asking for advice with their problems. The agony aunt publishes their advice to the anonymous stranger in a newspaper, magazine or website. This can help other people with similar problems. In the box below, write an example of a problem someone might send to an agony aunt.

Dear Agony Aunt,

I am feeling worried about something and hope that you will be able to help me.

From _____

Now, imagine you are an agony aunt. What advice would you give about this problem? Write a reply, giving as much helpful advice as you can.
