When we contract words, we replace the missing letters with an apostrophe.

The exceptions to this are:

- **Will not** becomes **won't**.
- **Shall not** becomes **shan't**.

Can you shorten these words to their contracted form? The first one is done for you.

1. cannot = can't.
2. shall not _____
3. will not _____
4. we will _____
5. I will _____
6. do not _____
7. who is _____
8. they would _____
9. that has _____
10. they are _____

Now write two sentences of your own, each using at least two contractions.
